

CONVOY for Brokers

AUTOMATE THE BROKERING PROCESS

Reach more carriers, 24/7

Most Convoy carriers start their search for loads in an app and nearly 30% of winning bids are made after-hours. With Convoy for Brokers, easily and automatically reach carriers every day, at any time—even while you sleep—to make sure you find the right trucks at a competitive cost.

Tap into our tech at no extra cost

Tap into the nation's leading digital freight network and add Convoy's proprietary technology to your brokerage. You'll benefit from real-time visibility into your loads, automatic detention payments, electronic BOLs, two-day QuickPay™, and more to save you time and money.

Unlock quality capacity

Access a network of 80,000 carriers comprising mainly owner/operators and small carriers who are using the Convoy app. Convoy's unique quality and safety model verifies compliance across every carrier, every day, resulting in 16% fewer crashes and 20X fewer cargo claims vs. industry averages.

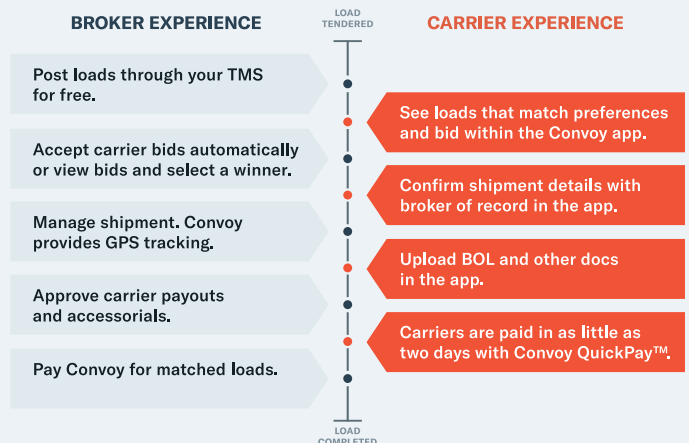

Get started for free

No commitments. No hidden fees. See each bid's all-in rate before accepting it or set your max buy to automatically accept bids and capture available capacity. Pay only when the load is booked.

How Convoy for Brokers works

Convoy for Brokers helps you match more loads 24/7 with flexible capacity while saving you time and money through automation and a trusted network of carriers. You remain the broker of record.
