

# SAVINGS AND COVERAGE IN ANY MARKET CONDITION

Unlock flexible capacity at competitive rates delivered instantly to your routing guide, all backed with 100% tender acceptance.

## Better coverage and better rates, delivered instantly to your TMS

Stop waiting for carriers to confirm rates and coverage or risk performance in the spot market. For live and drop loads, get direct access to a nationwide carrier network of more than 400,000 dry vans and reefers, plus thousands of drop-and-hook trailers with Convoy Dynamic Backup.

### Save money

Optimize costs with competitive rates sent straight to your routing guide and adjusted automatically with market conditions.

### Save time

Free up hours of time for load planners by sourcing loads with instant rates and guaranteed tender acceptance.

### Quality, Reliable Capacity

Why risk performance on the spot market? Secure high-quality, flexible capacity from Convoy's driver network, vetted in real-time against rigorous safety standards.

#### INTRODUCING

## Dynamic Backup Drop

Streamline operations plus save more time and money with flexible drop capacity from Dynamic Backup Drop. Drop quotes based on current market rates are automatically delivered to your routing guide with 100% tender acceptance.

“

We recommend our load planners choose Convoy's dynamic rates whenever possible. We know Convoy will always accept the tender, and they have the best combination of competitive pricing and high quality service.

—Senior Analyst for Logistics Execution, global industrials company
